

CARLINE PROCEDURES

Morning Drop Off - 7:45 a.m - 8:00 a.m.

Please make sure to watch carefully around you and drive slowly when dropping your student off in the morning.

- Please pull up to the front of the school wait until you get to the front door before you let your child out of the car. We will have someone there to help them get their belongings so you do not need to get out of the car.
- If you have a younger child, please use the inside lane (closest to the school). If your child is older and can be seen over the hood of a car, you can use the outside lane for quicker passage.
- **If you want to walk your student to the classroom**, please park in the gravel parking area instead of right in front of the school or in the actual drive. When someone leaves their car in front of the school to walk in, it causes traffic to back up. Unfortunately, this means children are getting out of cars too far back. When that happens, not only are there children walking among the cars, but then those that need to leave are driving around the main line.

In addition to that, when you park in the grassy area right in front of the school, you will then have to back up into traffic to leave. We hope to cut back on any traffic jams and prevent accidents by asking that you avoid parking in those areas for any length of time longer than just letting your student out at the door.

- **Please understand that we do not have someone on duty to supervise students until 7:45 a.m.** It is unsafe for students to be dropped off early.

Afternoon Pickup - 1:00 p.m. (K3-3rd) or 1:15 p.m. (4th - 12th)

Unlike morning drop off, everyone is in line at once for afternoon pickup. It is important to keep the flow of traffic for all cars to enter off of County Road 8 and to exit onto Hwy 59. Please do not block the marina's drive while waiting in carline. They have a sign showing you where to stop and wait until the drive way is clear to move forward. Our goal is to get everyone through the line as quickly as possible while making sure the students stay safe. Teachers will be there to walk their students to your car and they will let you know when you can drive away. Please pay attention to them as they direct traffic for everyone's benefit.

Thank you so much for reading this and for your extra attention to parking lot safety.
